

## FAA Contractors and the IAM

FAA Contractors have a golden opportunity. With a simple click [of the mouse](#) you can begin the process of securing your future, raising your wages and benefits and giving yourself peace of mind. Like all good things, the process will take and little time and a little commitment but it is the only way forward to a higher quality life.

We are the International Association of Machinists and Aerospace Workers, "IAM" for short. Some refer to us as the "Machinists Union" and that name said it all back in 1888 when we were founded by eighteen railroad machinists in Atlanta, Georgia. Now, we are a family of over 700,000 that includes engineers, machinists, computer programmers, air traffic controllers, remote pilot operators and thousand of service contractors just like you. We even represent the professional and nonprofessional employees at the FAA Tech Center in Atlantic City, New Jersey. But most importantly, we are the foremost union of service contractors in North America.

Contractors face unique challenges and opportunities and the IAM is the partner you need to help you optimize your labor market value and level the playing field at work. We invite you to join the thousand of contractors who already enjoy increased wages and benefits, more days off work, more sick time, fixed benefit retirement plans and the security of knowing that their job is safe.

Find out more at [FAA Round-Up](#) on our [GOIAM webpage](#). Click through the videos and Frequently Asked Questions (FAQs) and [sign a union card](#) to get the ball rolling. We look forward to hearing from you.

Contact the IAM via US Mail, phone, or email.
