

Congress of the United States
Washington, DC 20515

March 1, 2012

The Honorable Barack H. Obama
President of the United States of America
The White House
1600 Pennsylvania Avenue NW
Washington, DC 20500

Dear President Obama:

We are writing to express our strong opposition to the proposed \$100 per flight fee on commercial and general aviation in your fiscal year 2013 budget proposal.

Aviation user fees have been proposed several times by different Administrations, both Republican and Democrat. Congress has repeatedly and overwhelmingly rejected them.

Commercial and general aviation, including aviation manufacturing, are vital industries in our nation, providing millions of jobs and making important contributions to our economy. We should work together to support policies that encourage job growth and strengthen U.S. economic activity. Imposing a \$100 per flight fee on commercial and general aviation is the wrong approach, and we respectfully request that you abandon this idea once and for all.

We appreciate your consideration of our strong concerns.

Sincerely,

Tam Petri
