Who's fighting to protect your job, pension, health insurance and social security? Who's protecting your health and safety, your right to organize, your job security? Who's taking on the multi-national corporations' schemes to demean the American Dream, to weaken North America's might? Who's battling Corporate America's 34,000 high-priced lobbyists day in and day out? MNPL is. The Machinists Non-Partisan Political League is IAM's heavyweight champion when it comes to politics and legislation. But these fights are expensive. Sadly, money buys access in the halls of power. And politicians listen more closely when contributors come calling. So, MNPL needs your contribution to wage these fights. Even something as little as \$1 a month from each member would go along way to help protect your job. Your contributions are used to lobby for rail issues only! Please consider contributing to MNPL today! **To start contributing or to change your contribution, forms are available at the TCU or Lodge5101 websites. Or contact your Local Chairman, District Chairman, or any Lodge Officer for the MNPL form.**

Local Chairman Jerry Johnson has been working on a web site for Lodge 5101 and reported that the site is up and running and ready for members to view. The address is <http://www.arasa5101.org/>. The site is still under construction and any suggestions for improvement would be appreciated.
