

Pension Protection Pension Power

Brought to you by the National Pension Plan.

For nearly five decades, the IAM National Pension Fund's National Pension Plan has been **protecting** the retirement financial security of IAM members and their families. How? Through responsible investing and management, and **powerful** asset growth, year after year.

- * More than \$9 billion in assets
- * 1,750 contributing employers nationwide
- * Nearly \$350 million paid in benefits in 2007
- * 113,000 active participants earning future retirement benefits
- * 7th largest multiemployer pension fund in U.S. in assets

- * 71,000+ retirees and beneficiaries receiving monthly benefits

Give your retirement the protection and power it needs. Contact your IAM representative about negotiating the National Pension Plan into your collective bargaining agreement.
