

Affordable Quality Health Care...at RJ Reynolds?

**Fool me once,
shame on you!
Fool me twice
shame on me!**

It isn't something to joke about. Health Care treatment and rising costs are of major concern to every employee today. In the last year **RJ Reynolds** put an even greater burden on you to pay for your family medical protection.

One of the most important benefit **United Tobacco Alliance (UTA)** members and their family have is high quality comprehensive and affordable medical insurance. When it comes to our families health, **BCTGM** and **IAM** members want the best care possible. As you would want for your family.

Employees who have an Union Contract enjoy some of the best medical care in the nation at affordable prices. Isn't it time for you to have the benefits negotiated by the **UTA**? Protect your future and your health. Support the campaign for representation today.
