Subj: Advanced Web Development School  
September 24 - 29, 2006

To: District Lodge Presidents, Secretary-Treasurers, Local Lodge Presidents and Recording Secretaries

Dear Brothers and Sisters:

This is the official announcement of the **2006 Advanced Web Development School** to be held at the William W. Winpisinger Education and Technology Center in Hollywood, Maryland on September 24 – 29, 2006. Please note that this is an Advanced level Web Development Class and is for local lodges and district lodges that already have a website.

The Advanced Web Development class highlights a more sophisticated use of graphics using classic principles of design, and provides an introduction to HTML and cascading style sheets.

The course also focuses on additional refinements to IAM websites. Layout & design and writing will also be highlighted during the course. Participants should have already attended the Basic Web Development course and be currently maintaining an IAM website.

Please complete the enclosed application form and mail/fax it to the address on the form. **Applications must be submitted to the Communications Department no later than July 17, 2006.** Applicants chosen will be notified by mail or email.

Please note that the IAM Communication's Department is currently offering district and local lodges a very basic website hosted on the IAM server. Already over 230 lodges have signed up for the IAM Micro Site Service. You can view one of these sites at <http://ds490.goiam.org>.

In solidarity,

R. Thomas Buffenbarger  
International President
