The third FSTs Seminar of the year was held October 16-17 near TCU headquarters in Rockville, Maryland.

The seminar provides comprehensive training for local officers with financial responsibilities. Most attending were Financial Secretary-Treasurers there to learn about keeping TCU membership and financial records and filing required reports.

The group had an opportunity to learn from top officers of the union.

With International President Bob Scardelletti they reviewed the terms of the recently ratified national agreements. They met with International Secretary-Treasurer Danny Biggs, whose staff teaches the seminar classes. And International Vice President/National Legislative Direc-

tor Bob Davis explained current pro-worker initiatives in Congress.

Because it was held nearby, the FSTs also had a chance to tour TCU.

One more seminar will be held this year. It takes place November 7-8 in the Los Angeles area.
