Ratification meetings were held in May and June with Amtrak members at many sites through the country. Here and on the next two pages are photos taken at some of those meetings. Seen on this page are many of the members of Riverside RSO Local 2511 who turned out. Three Amtrak contracts were involved, one for clerical members, one for on board service workers in the Amtrak Service Workers Council, and the third for ARASA Division product line supervisors. All three were resoundingly ratified on June 27, 2008.
