

Keith Anderson

Foreman II – Mechanical Department

MBCR's Recognized Employee – March 2013

MBCR is recognizing Keith Anderson in the month of March for his quick and efficient actions that resulted in saving the life of a fellow employee.

On January 24, 2013, after receiving a phone call from an MBCR colleague, Keith noticed that there was no response from the caller. Since the caller was within view, Keith looked down the coaches and noticed the employee fall to the floor. The electrician stopped breathing because his tongue had obstructed his airway. Mr. Anderson hastily went to the employee's assistance and observed him having a seizure. Immediately he moved the employee's tongue, thus opening his airway. Mr. Anderson called 911 and he also stayed vigilant in making sure that the airway remained unobstructed until help arrived. The employee was taken to Massachusetts General hospital by way of an ambulance.

Keith Anderson's quick thinking and fast response facilitated a positive outcome in such a volatile event. Thanks to Keith being in the right place at the right time and having the right training, the fellow employee now has the opportunity to see another day.

Thank you Keith!
