

# President Scardelletti Announces Convention Photo Program “On-The-Job”

TCU’s 34th Convention is only a year away – July, 2014.

The Convention will celebrate the working men and women of TCU/IAM by prominently showcasing their skills “On The Job” throughout the Convention Hall and in our Convention publications.

So, Brothers and Sisters, get out your cameras! Start taking photos of your co-workers “On-The-Job” doing what we do best.

The photos you send in will be featured prominently at our historic Convention marking our 115th anniversary. Seeing the faces of our Union will make the Convention more enjoyable. They’ll remind your elected representatives of the goals for our future and the accomplishments of our great Union.

## Here’s how to participate:

Digital photos should be taken with the camera set on the “fine” setting. Low-resolution digital photos, such as cell phone photos, may not be a high enough resolution to be enlarged. Please turn off your camera’s date and time stamp feature. Digital photos should be in the .jpg format and should not be enhanced by computer software.

Please identify the person or persons in the pictures, the company and work location, lodge number and the person taking the pictures.

A CD or digital copy of the pictures can be mailed to Kevin Gifford, TCU Communications Director, 3 Research Place, Rockville MD 20850. Or e-mailed to [giffordk@tcunion.org](mailto:giffordk@tcunion.org). Be aware that e-mailing photos can be very large in file size and may have to be e-mailed individually.

Any questions can be directed to Brother Gifford at his e-mail or by phone at (301) 840-8741.

It is you, the members of our great Union, who are its heart and soul. Your voices will be heard at the Convention through your elected representatives. Let’s see you as well – through the photos you send us.
