I AM ASSISTANCE

I AM ASSISTANCE has two primary missions:

1. Individual Assistance

- Help the Unemployed
- Train Employment Assistance Professionals to Help Individuals Struggling with Addictions, Stress & Depression
- Train Those Helping the Aging

2. Natural Disaster Relief

- Floods, Hurricanes, Tornadoes

Whether it's on the job or in the community, unions stand for members helping members and people in the community.

Disaster Relief/Community Services

When individuals experience personal problems outside the workplace, committees of highly trained member assistance professionals are there to guide our brothers, sisters and community members.

In times of natural disasters, we coordinate relief efforts by mobilizing member and community services committees to support victims.

These teams are on site at natural disasters and help individuals facing tragedies.

Membership Services

Unemployment is comparably devastating to natural disasters therefore our committees assist laid off individuals in locating resources to navigate them through the difficult period.

Retirees

Currently senior social services are being curtailed in many communities. Therefore, the Retiree Assistance Program addresses the needs of aging communities. Retired members are trained to identify a range of psycho-social issues then refer seniors to local health care professionals. Our retirees truly live their motto: You may retire from your job, but never from your union."
