

YOUNG MACHINISTS

WE ARE: Energetic union members seeking to lend our voices to the common call for justice and fairness.

WE WANT: To be involved with a movement that works to protect the rights of working people.

WE HAVE: Taken the first steps by:

- ◇ Coordinating focus groups and hosting young worker meetings.
- ◇ Forming Young Machinist Committees within lodges.
- ◇ Lobbying on issues relevant to the working class.
- ◇ Performing community service outreach.
- ◇ Supporting our brothers and sisters on strike.

WE Will: Continue to grow in our activism to keep the
IAMAW UNION STRONG!

Upcoming: Young Workers Pilot Program
