**The IAM local lodge 1848 would like to thank the members of the communities of Flin Flon and Snow Lake for opening their hearts and supporting all IAM members on the strike line for the four months we were out of work. Your generous donations of food, drinks and money are immeasurable. We never felt alone or isolated at any time. It is an unbelievable feeling knowing a community has your back when you are at your darkest hour. We cannot thank you enough and it will never be forgotten.**

**To the businesses, local and from afar, we thank you for all donations in support of us. It is a wonderful feeling knowing that the businesses of our communities and beyond stepping up to the plate when we needed them the most.**

**To all the unions who provided relief for our time out on strike. We are all brothers and sisters fighting for a better way of life. It is good to know that we support each other at all times.**

**Finally, thank you to the members and families of IAM and TCU/IAM members. This was a difficult battle for us all. We all felt pain and hardship throughout this entire ordeal.
