Dear Mr. Pritchard,

I am writing regarding the possible movement of Setterstix out of New York State. The current facility in Cattaraugus provides 40 jobs to the surrounding community and has been located in New York since 1938. With this rich history of production in our area, the benefit to the community through career opportunities, and the boost to our local economy through Setterstix, we would encourage you to continue production in our state.

Setterstix is an important part of the local community and provides valuable opportunities to the people who work there as well as their families. Leaving this area would cause hardship on those families you would leave behind in your wake, as well as a decrease in the local economy. We were glad to see Setterstix was able to participate in the Paycheck Protection Program and would encourage you to look into this program once again to help keep these jobs in our local community.

We would like to discuss this potential move with you and look forward to hearing from you on this matter. My District Director, Alison Hunt, can be reached at 607-654-7566 or

Sincerely,

Tom Reed
