**Preparing for Retirement: Individual
and Collective Efforts,**

A symposium sponsored by the Alliance for Retired Americans

With 10,000 Americans turning 65 every day, our nation is failing to address a growing retirement security crisis. As of March 2022, only 15% of private industry workers had access to a defined benefit plan. Making matters worse, 57% of all households have no retirement savings.

The symposium will bring together government officials, labor movement leaders, policy experts, Social Security and pension advocates, academics, attorneys, economists and young workers who work on retirement security and social insurance issues. We will present options for individuals and the government to take action that ensures retirement security for all.

 Time: 9:00 a.m. - 4:00 p.m. Eastern Time

 Location: AFL-CIO Headquarters, Washington, D.C.
